

About Edsmart

Founded in 2004 in Bangalore, India, EdSmart Careers LLP is committed to guiding students toward their higher education aspirations. Our mission is to assist students in securing admissions to prestigious universities in India and abroad.

With offices in Bangalore, Kerala, and Dubai, we extend our services to support students in need, providing comprehensive guidance and resources for those seeking educational opportunities worldwide.

Chief Executive Officer

Mr. Shajahan Palakkal

Mr. Shajahan Palakkal C E O his extensive expertise in educational services, emphasizing over 20 years of experience in guiding students toward academic success locally and internationally, particularly in medical admissions abroad. His profound understanding of global education systems and medical program requirements is enhanced by regular visits to universities worldwide, where he gains firsthand insights to offer personalized and up-to-date advice.

Driven by a passion for empowering students, Mr. Shajahan views education as a transformative tool for unlocking potential. He is deeply committed to aligning opportunities with students' goals through his comprehensive guidance. His dedication, coupled with an extensive international network, positions him as a trusted counselor for students and parents. His vision focuses on bridging the gap between ambition and opportunity, helping students achieve success in their chosen fields.

Designated Partner of Edsmart

Dr. Reem Shajahan

Dr. Reem Shajahan sounds like a dedicated and experienced professional, especially in the area of medical education. As the Designated Partner of Edsmart, her focus on helping students who wish to pursue medical studies both in India and abroad must be incredibly valuable. Her extensive knowledge in medical education, along with her commitment to providing the best solutions, can guide students and their families through the complex process of choosing the right medical program and institution.

Her professional experience could be an invaluable asset to both students and parents in navigating the various challenges that come with pursuing medical studies, such as choosing the right country, understanding admission requirements, dealing with application processes, and even preparing for medical exams.

Executive Director of Edsmart

Mr. Yasir Neliyathodiyil

Mr. Yasir Neliyathodiyil is an accomplished HR specialist and entrepreneur with extensive Middle Eastern experience. Known for his expertise in HR management, employee relations, and organizational growth, he has successfully driven productivity through innovative strategies.

As an entrepreneur, Mr. Yasir specializes in guiding students and parents in choosing higher education and career paths, aligning individual aspirations with global opportunities. His insights are enriched by world-class training, international travel, and partnerships with renowned institutions, ensuring access to top academic programs.

Fluent in multiple languages, he excels in multicultural environments, offering trusted mentorship. Committed to excellence and empowerment, Mr. Yasir strives to shape brighter futures through education and career development.

Executive Director of Edsmart

Mr Jithun

It sounds like Mr. Jithun has an impressive background with a combination of technical expertise and management skills. With his experience in both engineering (computer science) and management, along with his extensive work guiding students, he seems well-equipped to help students make informed career decisions. As the Executive Director of Edsmart Bangalore, he likely plays a key role in shaping the organization's operations and ensuring that students receive quality guidance for their academic and professional paths.

Given his experience, he must have a solid understanding of various fields of study, career opportunities, and educational options. Whether it's for students looking to pursue technical fields, business studies, or other areas, his background seems to make him an ideal career expert for navigating the complexities of choosing the right path.
